Wood Harvest of the Future

This young forest (left) will not be ready for the harvest until after the year 2000 A.D. Yet because it represents Canada's woodland wealth of tomorrow, the speed and manner of its development are important to all Canadians. Today through such methods as soil analysis (right), foresters are learning more than ever before about tree growth, and their studies are constantly bearing fruit.

To remind Canadians of their dependence on these woodlands, and of the efforts made to manage them effectively, National Forest Products Week is currently being held. From the forest comes, for example, the raw material of the pulp and paper industry, Canada's leading producer, wage payer, and exporter.

W. I. Ladies Invite Speakers On Fluoridation And Drugs

Fourteen members of the Women's Institute met at the home of Mrs. W. E. Coast on October 16. Mrs. W. Reid was co-hostess. The Library Committee reported that 74 new juvenile books had been purchased. The Library will not be open on November 1 and 2, as classes will be out on those days.

Mrs. Mastaler's classroom will again be collecting for UNECEF at Hallowe'en. Watch for these children and have your pennies ready. They may be out a day or two early. Mrs. Marshal Hamar and Mrs. E.

J. Woynarowich volunteered to represent the Women's Institute at skating rink committee meetings.

Special guests at the meeting were Dr. Owen Cornish and Mrs. Cornish and Bud Clark.

In an informal talk, Dr. Cornish stated that present training facilities at the University cannot keep up with the demand for trained dentists. It is hoped that the efforts of the Chamber of Commerce to obtain a resident dentist within a year will be successful.

Dr. Cornish stated that at a cost of 15c per person per year, our water supply can be fluoridated. This could cut down dental decay by 60%. While fluoridated water is most effective if used by the pregnant mother, it is beneficial to all age groups. This is a proven fact and no ill effects have been traced to fluoridation, Dr. Cornish said. For those who do not have fluoridated water Dr. Cornish recommends a yearly application of stannous fluoride. He further stressed proper diet and tooth brushing immediately after each meal. Sweets should be given after meals and in-between meal eating be controlled.

Mr. Clark, representative of Frank W. Horner Ltd., then spoke briefly on the cost of drugs. Canadian controls and regulations are the most rigid in the world, he said. Before any drug may be put on the Canadian market, it must undergo a 12-month toxicity test. In this test 12 Beagle dogs are observed under absolutely antiseptic conditions for 12 months and their reactions to the drugs noted. If any one Beagle for

A. Coutnay Opens Beauty Parlor At Plamondon

PLAMONDON — Miss Angeline Coutnay of Lac La Biche has opened a beauty parlor here. Her shop is located in the Pelican Hotel.

Miss Coutnay is here to serve the public every Tuesday, Friday and Saturday, between the hours of 8:30 a.m. and 7:00 p.m.

Mr., Mrs. M. Medwid Married 25 Years

GRASSLAND — Friends and relatives helped Mr. and Mrs. Mike Medwid celebrate their silver wedding anniversary by honoring them at a party at their home on Sunday, October 21.

After a turkey dinner, the couple cut a beautifully decorated three-tier wedding cake.

The bride of 25 years chose a three-piece beige suit and was presented with a corsage of American beauty roses.

On behalf of the group, Fred Ustina wished Mr. and Mrs. Medwid the best for the coming years and presented them with a beautiful golden wall clock.

any reason whatsoever dies, the whole series must be repeated.

With the exception of two or three small Canadian firms, all of our drug manufacturers are subsidiaries of American or European companies. Any product these companies wish to introduce to the Canadian market must still undergo these toxic tests before they may be released.

Farewell Presentation, Party Honor Mr. And Mrs. Leo Richard

Mr. and Mrs. Leo Richard were guests of honor at a farewell party Oct. 18 at the home of Mr. and Mrs. Hervey Marchildon. Forty-five friends were present to bid them farewell on their departure for Athabasca, where Leo, an employee with Northland Utilities, has been transferred.

The popular couple were presented with an electric frying pan from the group. A number of ladies served lunch to conclude the evening.

The Richards, who have lived here

most of their lives take the best wishes of the community with them as they go to their new home.

Ronald Bourassa Is President 4-H Beef Club

A reorganization meeting of the 4-H Plamondon Beef Club was held in the Parish Hall at 8:00 p.m.

First and second year members attended this important meeting brought to order by chairman Joseph Gauthier.

A new executive was chosen as follows: president, Ronald Bourassa; vice president, Raymond Bosse; secretary-treasurer, Lina Gauthier; club reporter, Irene Schaub.

Willard Gauthier was re-elected as club leader.

Next meeting will be held on Oct. 26 in the Plamondon Parish Hall. A film on the Rayol Winter Fair will be shown.

Everyone interested in 4-H is welcome.

Rev. W. A. Swinton Attends Conference

LAC LA BICHE — The Rev. W. A. Swinton attended the national convocation of the church in town and country held at Ames, Iowa, on October 16 to 18.

Mr. Swinton was one of 10 delegates from the Anglican Church of Canada who attended the conference as guests of the Episcopal Church of the United States.

Lac la Biche

Mr. and Mrs. Eldage Gregoire and Allan motored to Fairview over the Thanksgiving weekend.

Mr. and Mrs. Stan Kelly of Jasper were recent guests at the home of Mrs. Kelly's mother, Mrs. M. Dedeluk. On their return to Jasper, Mrs. Dedeluk accompanied them as far as Edmonton, where she visited her son Walter.

CRADLE ROLL

Mr. and Mrs. Alex York, Goose Lake, a girl, Oct. 17; Mr. and Mrs. Roderick Cardinal, Lac la Biche, a girl, Oct. 17.

Hylo Residents Attend Parents' Day

HYLO — Mrs. N. Zalewsky, S. Sachko, daughter Mary and Alan Moshuk attended Parents' Day in St. John's Institute in Edmonton, where Mrs. Zalewsky's daughter, Zorina, and Mr. Sachko's daughter, Irene, are residing.

The day began with the church service at 10:30 a.m. in the St. John's Chapel, followed by a bounteous banquet.

The rector, N. K. Moroz, explained the cultural values that the institute provided for university students of Ukrainian descent.

This was then followed with introductions of the directors and teachers of this institute and the parents who came from many areas to enjoy Parents' Day with their sons and daughters, who are now attending university.

T. W. PUE, president of Sun Publishing Company, publisher of 28 Alberta weekly newspapers, is this week in New York. He is attending the Convention of the Audit Bureau of Circulations. A number of Sun Publishing Company newspapers are members of the ABC.

Father Bissonette Leaves Venice Pastorate

By Henry Thompson

A farewell supper in honor of
Father Bissonette, who has served
the Venice area for the last three
years, was held in the church base-
ment to at least 200 parishioners.
These people came to show the
affection and respect with which this
small community has learned to
appreciate the young man's selfless
service in their behalf.

The church building is a monu-
ment to the whole-hearted co-opera-
tion of the district and represents
many hours of individual effort and
considerable self sacrifice on the
part of many people to get the
money to complete this big project.
Several members of the church ad-
vised me that it was largely through
the inspired efforts of Father Bis-
sonette that this community was
able to accomplish this monumental
task. He refused to accept more than
\$500 per year for salary. Thus, by
precept and example, he was able
to convince his people and inspired
their efforts to make possible this
fine building.

Venice is only a small district but
it has a community centre and
church without equal in many larger
towns with a population of 1,500
people or more. It is not a building
with the old type church steeple and
the elaborate exterior finish, but is

built on a modern plan, that takes
into consideration the social life as
well as church functions.

The church interior itself is beau-
tifully finished. The upper windows
that fill both sides of the full-length
are extended out from the walls to
meet the roof that, to my untrained
eye, gives a most pleasing appear-
ance. The altar and holy symbols
of the church are wonderful. The
balcony for the choir is at the back
and above the pews.

A song by the choir, and composed
by them for this particular occasion,
was a recital of the difficulties, in a
humorous theme, of Father Bisson-
ette's efforts in training them for
the choir. This song gave me an
insight into the togetherness of the
people in their social and church
efforts and a revelation of what can
be done when people work together.

Father Veil, dean of the district,
Father Picette from Lac la Biche
Mission and Father O'Farrel, a gen-
eral pastor from Boyle all spoke and
paid tribute to Father Bissonette's

work in the area and wished him
further success in his recent promo-
tion.

Father O'Farrel's address includ-
ed a compliment to the excellent
supper served by the ladies but I
was surprised to hear him state that
he was fortunate in not being ap-
pointed to Venice. However I agreed
immediately when he said that such
suppers, too often served, would en-
danger a man's overweight, al-
ready at near capacity.

I certainly enjoyed my visit which
was tendered by a Catholic friend
of mine after some serious doubts
as to my welcome, if this church is
an example of the modern trend
towards togetherness among all

Christian people, my visit was a
most revealing experience and en-
tirely free from any further doubts
of the sincerity and good that can be
accomplished in a wider sphere
than just a small local area such as
Venice.

ARTISTICALLY EXPRESSED

HARRY STROM JOINS CABINET

Mr. Strom was born on a farm homesteaded by his parents, at Burdett in southeastern Alberta, on July 7th, 1914. He now operates the large-scale farm (some 2490 acres) raising livestock, sugar beets and grain. The farm is irrigated and dry land.

Mr. Strom was educated at Ballman and Calgary. He has served as Divisional Board Trustee, Municipal Councillor, president of the local Agricultural Improvement Association and executive member of the Rural Electrification Association.

He was first elected to the Alberta Legislature at the general election on June 29th, 1955 and re-elected June 18th, 1959.

Mr. Strom is a member of the Evangelical Free Church of Bow Island, serving as chairman of the Board of Deacons, and is also a member of the Foreign Missions Board.

Southern Garage Ltd. Challenges City By-Law

Mr. Livingstone, of Southern Garage Ltd., 45 Ave. and the Calgary Trail has been operating his garage on Sunday, contrary to the city's Garage and Service Station By-law, which classifies Southern Garage as a 24-hour emergency Service Station. Mr. Livingstone wishes to contest the validity of the by-law.

A charge has been laid by the city in this connection and the case will be heard Nov. 2 by Magistrate S. V. Legg. City solicitors advise that other charges will be laid for each infraction, if the garage continues to remain open on Sunday.

THE GALAXIE "500" two door hardtop for 1963. This best-selling Ford of Canada car in 1962 has retained the basic style and design for 1963 while adding improvements and refinements to provide better operating and handling performance. The Galaxie can be easily identified by its Thunderbird roofline and "bullseye" taillights. The Galaxie will be assembled in Ford of Canada's Oakville, Ontario plant.

Normandeau

Mr. and Mrs. Clair Phillips from Vancouver Island were visitors at the home of Mr. and Mrs. Louis Turgeon and family.

Mr. and Mrs. Oliva St. Jean of Plamondon were visitors at the home of Mr. and Mrs. Eugene Turgeon.

Albert Lamoureux of Edmonton was a visitor at the home of his parents, Mr. and Mrs. Omer Lamoureux, and also at the home of Mr. and Mrs. Leo Lamoureux.

Alfred Dechaine of St. Lina is employed at the home of Mr. and Mrs. Aurele Turgeon.

Miss Georgette Durocher, who is teaching school in Red Deer, was a visitor at the home of her parents, Mr. and Mrs. Adelord Durocher.

Mr. and Mrs. Lester Whitford of Edmonton were visitors at the home of Mr. and Mrs. Louis Turgeon and family.

Dances held in the Community Hall were successful. Music was supplied by the Normandeau Ramblers.

Walter Girling of Winfield recently purchased a steam engine by Elianor Lake, which had been sitting there for quite some time. He had to leave it in the community because of the snow. He will take it

to Lac La Biche and there he expects to put it on a flat-car and transport it to Winfield.

Goose Lake

Wally Ward, Eileen and Robert Lycun of Edmonton visited at the T. Bergheim home.

Mr. and Mrs. Dweght Parker are receiving congratulations on a daughter, born in St. Catherine's Hospital.

Doris Bergheim spent Thanksgiving with her parents here the last few days of her holidays. She has been on two-week's vacation visiting in various places in Alberta and British Columbia.

The regular WA meeting was held on October 13 at the home of Mrs. G. Parker.

The following people visited in the district over the Thanksgiving weekend: Mr. and Mrs. Joe Michaud, Mr. and Mrs. Lester Whitford, Mr. and Mrs. Edsol Hamila, Stanley Bergheim, Lucy, Germaine, Raymond and Marcel Michaud, Mr. and Mrs. Harldvson, Mr. and Mrs. Alroy Roder and children, Mr. and Mrs. Carl York, all from Edmonton, and Mr. and Mrs. Eli Sukan and son Dale from Golden, B.C.

Guests From U.S.A. Visit At Bayview

BAYVIEW — Mr. and Mrs. C. Ringuette and Ronald and Donald Zoboblish of Highland Park, Calif., were visiting relatives and friends here.

They were guests of Mrs. L. Richard and Mr. and Mrs. P. Patry of Lac la Biche and of Mrs. D. Chevigny of Plamondon, spending most of their time with Mr. and Mrs. A. Varin.

While here they visited places of interest in the district.

Alberta Government To Examine Existing Medical Care Plans

The Alberta government has initiated discussions with the medical profession to determine how many people are inadequately covered by existing medical care plans.

Premier Manning said recently, the government is interested only in a completely voluntary arrangement

whereby the present doctor-patient relationship is not disturbed. But in addition the government wants to make sure that nobody is going to be burdened excessively by doctor bills.

The premier said Alberta is not interested in the government sponsored plan that Saskatchewan has initiated. He added Canada needs another model in the way of a medical plan.

Bayview

Mr. and Mrs. Albert Smith, their sons Miles, Darrell and Arnold and a friend Irene of Huxley spent the Thanksgiving weekend with Mr. and Mrs. Fred Smith and family.

Guests at the F. Smith home were Mr. and Mrs. O. W. Graham of Red Deer.

MAKE WOOD LAST
3 to 5 times longer with "PENTOX"

Primer-Sealer Wood Preserver

You can make any exterior wood—doors, sashes, porches, fences, garden furniture, wharves—last 3 to 5 times longer with "Pentox". Brushed on easily like ordinary sealers, "Pentox" preserves wood against moisture and rot with a synthetic resin and powerful wood preservative. Economical "Pentox" costs less than the prime coat of paint it saves. Meets C.S.A. specs.

Shower Honors Phyllis Cadieux

PLAMONDON — A shower was held at the home of Mrs. Leo Bourassa in honor of Miss Phyllis Cadieux, whose marriage to Mr. John Brezinski was an event of October 24.

The many ladies who were present enjoyed an evening of games and singing.

Miss Cadieux received many beautiful gifts.

At 11:30 p.m., the men, who had gathered at the home of George Plamondon, joined the women and all enjoyed a lunch.

R. Kowalyk Feted At Shower Party

SARRAIL — A shower party was held for Miss Rose Kowalyk on October 19 at the Kowalyk residence.

Miss Kowalyk is to become the bride of Mr. Mike Mamchur on November 3.

Music was supplied by the local "Four Stars," and everyone enjoyed themselves into the early hours of the morning.

The young couple was presented with a kitchen chrome set.

Kikino

Raymond Bellerose, who is supervisor at Big Prairie Colony, will be back here again to be the supervisor.

Mrs. Rose Thompson is spending a couple of weeks with her son and his family at Spruce Grove.

Alfred Lavallee is a patient in the Lac la Biche Hospital, also Roger Littlechilds, Maries Eramus and Raymond Thompson.

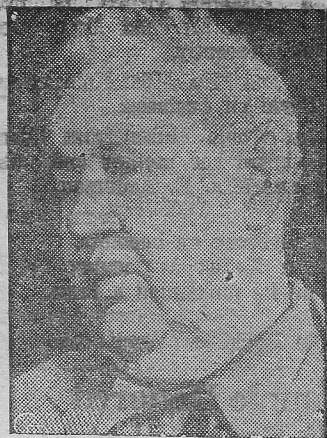

Walter Thompson was back for the weekend to see his children. He is employed on Highway 16 west of Edmonton.

Mr. and Mrs. Marshall Tremblay and family moved to Smith where they will make their home.

Mr. and Mrs. Daniel Calliou Jr. and family of Edmonton were down to see his relatives.

Mr. and Mrs. Raymond Littlechilds and daughter Joan of McRae were up for the weekend to visit their son Robin and family.

Four new houses have been built in town this summer. Pete Whitford is having his house remodelled inside.

Hollywood actress Elsa Lanchester says her actor-husband, Charles Laughton (above), 63, is aware he is suffering from cancer, but remains cheerful at Cedars of Lebanon hospital. His condition is listed as fair, but not critical.

Wandering River

Relatives from the district attending the Karpetz-Nowakowsky wedding at Boyle on October 20 included: Mr. and Mrs. Bruce Coonan, Mr. and V. Shapka, Mr. and Mrs. Nick Strayski, Gladys, Jeannette and Betty, Mr. and Mrs. Fred Rebekowich, Tom and Mary and Mr. and Mrs. Paul Rebekowich.

John Kostuk made a business trip to Edmonton recently.

First Town Council Slate Completed

MR. AND MRS. BRUCE McDONALD

Judith Ahern, Bruce McDonald Pledge Vows At St. Columbkille

CHAILEY — St. Columbkille Catholic Church at Dubuque, Iowa, was the scene of a pretty wedding when Miss Judith Louise Ahern, daughter of Mr. and Mrs. James Joseph Ahern of 880 South Grandview, Dubuque, Iowa, became the bride of Mr. Bruce Eugene McDonald, son of Mr. and Mrs. Matthew McDonald of Mannville.

The ceremony was performed by Msgr. Joseph E. Dunn.

Given in marriage by her father, the bride chose a gown of peau-de-soie with embroidered Alencon lace patterning the front of the bell shaped skirt. The short sleeves, plain bodice and sweep train were set off by the bouffant silk illusion veil which fell from a pill box of peau-de-soie.

The bridesmaid, Miss Ilene McDonald, sister of the groom from Yukon Territory, wore a romance blue silk organza sheath, with short over-skirt. Her illusion veil was held in place with matching blue pill-box. The matron of honor, Mrs. James Ahern, sister-in-law of the bride, from Dubuque, Iowa, wore a blue silk organza sheath dress and matching pill box hat.

The best man was Mr. Barrie F. M. Bell, friend of the groom from New York, USA. Mr. John E. Holland of Winnipeg, Manitoba, was groomsman. The ushers were Mr. Barry McDonald, brother of the groom, Mannville and Mr. John T. Ahern, brother of the bride, Dubuque.

Following the wedding ceremony,

a wedding breakfast was held at the Elks' Club.

The couple will reside in Madison, Wisconsin, USA.

The bride received her education at Clarke College, Dubuque and is at present teaching in the Madison Public School system. The groom received his education at the University of Alberta. He is working on his doctorate at the University of Wisconsin. He is a member of Delta Kappa Epsilon and Alpha Chi Sigma fraternities.

Bruce McDonald took his high schooling in Mannville, where he graduated. He was also a graduate of the Vermilion School of Agriculture prior to entering the University of Alberta.

Snow, Wind Storm Hits Smoky Lake And District

SMOKY LAKE — In the early hours of Oct. 12 a severe snow and wind storm hit the areas around Smoky Lake, Warspite, Waskatenau and Radway, causing many rural farm power lines to be knocked down, poles were broken, trees on the lines, wires were broken and transformers burnt out.

Some farms in the area were out of power for as long as 29 hours. Power company employees worked around the clock for 39 hours to restore storm damages.

Apparently no cigarette is fit to smoke except the one you are seeing on TV.

Temporary Tower Built In One Day On Sickman Hill

LAVOY—Construction of a temporary tower in the micro-wave system, now being built across Canada, was begun and completed Sunday afternoon on Sickman Hill, by RCA-Victor.

Approximately 300 ft. high, this tower can be seen for many miles around and is one of the approximately 600 towers now being constructed in this system. This tower is being used at present for testing purposes and when all phases of reception, are completed, will be dismantled and a permanent tower built.

Farm Forums Reorganizing For Winter Season

LAVOY—"The horizons for Canadian farmers are changing and expanding so rapidly that it is difficult for any individual farmer to be aware of all the forces affecting his way of life and his livelihood. Because they produce food in surplus and because people of many nations in the world are hungry. Canadian farmers feel a sense of responsibility for the welfare of these developing nations. Because they sell their produce on a world market, they are bound to be influenced by trade policies and agreements such as those of the European Common Market," states producer L. M. Gosnell of the National Farm Radio Forum program.

Mr. Gosnell further states that "every farm business is subject to the pressures of economic forces which have resulted in an exodus from the farm, at the rate of 3,000 a month, of those who have decided to seek a new life in the city. It is then a matter of deep concern for those who remain to better understand their situation." National Farm Radio Forum can help them accomplish this, and on Monday nights during the winter programs will examine the farmers' situation in regard to taxation, farm organization, dairy policy, ARDA, co-operatives, the role of the rural church, and career guidance for rural young. These vital subjects have been chosen by forum representatives from all regions. Broadcasts are stimulating and the discussions can lead to effective action based on well-considered opinions.

Should any area wish to participate in these discussion and form a Forum contact the secretary in that area Mrs. L. Smiley of Lavo, or Mrs. Gordon Miller, Secretary, Northern Committee, Vegreville. October 22 will feature an analysis of the farm forum program which is providing leadership in other countries and continues to be a vital force in Canada, with broadcast time 9 p.m., CBC radio.

Greek Orthodox Cement Work Bee Held

VILNA — An Old Time Working Bee was organized last Saturday by Steve Elashuk to complete the Greek Orthodox Hall. Some cementing had to be done to put the kitchen area on a solid base. The oldtimers turned out to a man and with pioneer wit and pioneer ingenuity not only an outside foundation was poured

Smoky Lake Voters Make Choice From Among Nine Contestants

Smoky Lake Electors have chosen their first town council. Nine contestants were in the running to fill the six councillors seats.

The successful candidates were: John Kaban, who received 225 votes; Harry Leskiw, 259; George Predy, 237; Nick Purych, 208; Steve Romanchuk, 213, and Frank Stockl, 201 votes.

The unsuccessful contestants were: Peter Boychuk, who polled 170 votes; Mike Olesuk, 105, and John Pawliuk with 84 votes.

George Kozub was acclaimed mayor at the nomination meeting held last month.

MAYOR GEORGE KOZUB

Greg Makarenko Named President Of Junior Club

An organization meeting of the Waskatenau Junior Club was held on Friday, October 5, in the Waskatenau School, with the Grades 7 and 8 present.

Officers were elected as follows: President, Greg Makarenko; Vice-President, Victor Panich; Secretary, Patsy Tchir; Club Reporters, Terry Kozak and Rose Diachyshyn; Grade 7 Social Convener, Sharon Marko; Grade 7 Program Convener, Lorne Smigorski; Grade 8 Social Convener, Jean Kozak; Grade 8 Program Convener, Ruth Zinky.

The purpose of the club is to plan school activities and school business.

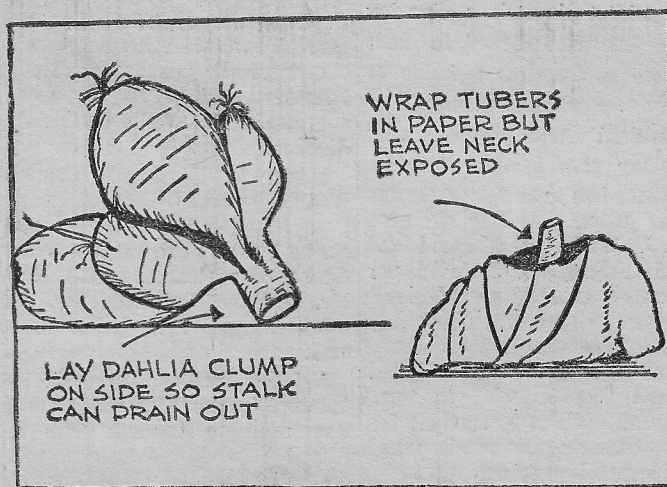

The meetings will be held every second Friday at 2:30 p.m.

Radio, Cash Stolen In Store Break-In

THORHILD — RCMP are investigating a break-in at the Thorhild Machine Co., where a thief or thieves broke in during the night of Sunday evening or Monday morning and got away with some \$10 left in change in the till, a two-way transistor radio and an air gun.

Entrance was gained to the building by breaking of a window at the east end of the building. A further check is being made as to whether other items may have also stolen.

Garden Graph

Putting Dahlias to Bed

When frost blackens the foliage of dahlias, they should be dug and stored for the winter. Cut the stems back to within six inches of the ground. Do not split or tear the tuber top.

Lift each tuber carefully from the earth. Do not pull them out, because if the narrow neck is broken or injured the tuber will be blind. Turn each tuber on its side, as shown in the accompanying garden-graph, for a few hours to allow moisture to drain from the hollow stems.

Examine each tuber carefully. If any are found to be bruised, or if decay spots are found, cut away the injured areas and dust with sulphur.

It is important that the

tubers be stored properly, since they dry out quickly or rot easily if left where there is too much moisture. Best plan is to pack the tubers in boxes of peat, sawdust, sand or vermiculite.

As shown, many gardeners prefer to wrap each tuber in paper. Do not cover the crown, however; leave the stalk exposed to get air.

Keep the boxes where the temperature will not exceed 40 degrees.

Do not pack the tubers one on top of another since the lower tubers may become bruised and injured by the weight of those on top. Do not pack them too closely together. A single layer in shallow boxes is best.

+ News From Other Alberta Districts +

\$500,000 School For Grand Centre

Residents Find Old Gramophones

BEAVER CROSSING — Old gramophones are becoming favorite collectors' items around this district. Mrs. Hlusa located one out at Goodsoil. Mrs. Dick York found one among some old relics and Mrs. Savard was fortunate enough to have one given to her by an old friend.

At the present time, they are not of much value, but they certainly are a great conversational item and the old cylinder records are of great interest to the young people who have never seen them. So the district will be hearing "Josephine In My Flying Machine" and Old Uncle Josh" again. Even though the needle scratches it may be an improvement on some of the modern singers.

Jack Wagner, 67, Dies In Edmonton

BEAVER CROSSING — An old-time resident of this area, Jack Wagner, passed away in an Edmonton hospital at the age of 67 years. He was interred in Edmonton.

Prior to his death, he was mayor of McMurray.

During the years he spent in Ardmore, he was always active in the management and coaching of the baseball team. He had a general store in Ardmore. Later this building was converted to a hotel. When he moved to McMurray, he continued in the hotel business.

Mr. Wagner was always interested in politics and civic affairs.

Adventists Plan To Aid Smokers

The Seventh-Day church has announced a plan to extend a helping hand to smokers who want to lick the habit.

Using a combination of doctor-minister teams, the plan takes the tobacco addict through a five-day program that is designed to clear the system of the drug nicotine as quickly as possible and build up the individual's will power. Called the five-day plan to stop smoking, the program has been tested for the past year in the New England area by Dr. J. Wayne McFarland and Pastor J. Folkenberg. It is 75 per cent effective, the two men declare.

The church's present plans call for the training of physician-minister teams throughout the United States and Canada who, in turn, will train still others to conduct the five-day group therapy sessions and personal control program.

Seventh-Day Adventist hospitals and sanitariums will also co-operate in making the five-day plan to stop smoking a part of their service to the community.

Mr. Brocke Attends Mathematics Institute

COLD LAKE — Elementary teachers, with the principal, Mr. Brocke, attended a one-day institute on the new mathematics program in Duclos School, Bonnyville. Further special demonstration lessons were organized for teachers of Grades 1 to 6, during the week that followed.

These courses were arranged by the Principals' Association and the publishers of the books for the new program, with the approval of the Divisional Board. Teachers from almost all schools in the division were present.

NEW 'BLUE BABY' TREATMENT—Dr. Jack van Elk, cardiologist-internist at Lutheran General Hospital in Chicago, and a nurse hold 5-week-old Daniel Harrison at opening of a pressurized oxygen tank for a new technique in "blue baby" treatment. A "blue baby" is a baby in critical condition from lack of oxygen. This one's life was saved, at least temporarily, by the new technique, which Dr. Van Elk reported "extremely encouraging."

Special Town Council Meeting Sets Up Interview With Minister

A special Town Council meeting was called by Bonnyville's Mayor V. E. Justik under Section 57 (1) of the Town and Village Act and was called for the purpose of discussing long surveys in Block "K" and land surveys in ETIENNE OUIMET subdivision.

Mayor V. E. Justik, Councillors Wm. Odynski, Dr. C. J. Marriott, Paul Bougie, J. M. Hamel and L. Emile Vallee were present, as were Adrien Bordeleau, Bernad Ouimet, Mr. Etienne Ouimet, Mr. Short, representing W. D. Usher (surveyors).

A letter received from J. K. G. Austin, Director, Homes for the Aged was read to council: The letter (dated Sept. 21) advised in part to the effect that "The Honourable Minister will give full agreement to the reduction of the width of the site for the extension of 46th Avenue

provided that the original agreed upon 4.65 acres is maintained by adding the equivalent amount of land to the eastern portion of Block "E".

The letter as well as plans were fully discussed and following such discussion the following motion was made: "That a committee of the council, composed of a member of the councillors and the mayor, arrange for an interview with the Honourable Minister and the land surveyor, J. B. Underwood, for Oct. 2 or 3 for the purpose of discussing the situation with the minister."

Subdivisions in the Ouimet subdivisions were tabled pending further submissions of plans by the planners.

The good citizen who helps build his community is leaving something worthwhile to his children.

Successful Contractor Prepares For Construction Of New Building

Tenders have been let for construction of the new \$500,000 Grand Centre High School. The successful contractor, whose tender was approved by the department of education, is the Forest Construction in the amount of \$344,710. Others who offered tenders were:

H. D. C. Construction, \$345,200; Poole Construction, \$351,000; McRae and Associates, \$354,450; Fraser and Rice, Ltd., \$357,538; Burns and Dutton, \$359,059; R. Vollen, Ltd., \$359,900; McNamara West, Ltd., \$380,000.

Forest Construction has moved men and equipment onto the site and is presently engaged in foundation work.

The 12-classroom school will be of masonry construction.

The school building plans were designed by Herbert and Burrows, architects.

Mrs. Ruby Bauer Guest On CHSA-TV

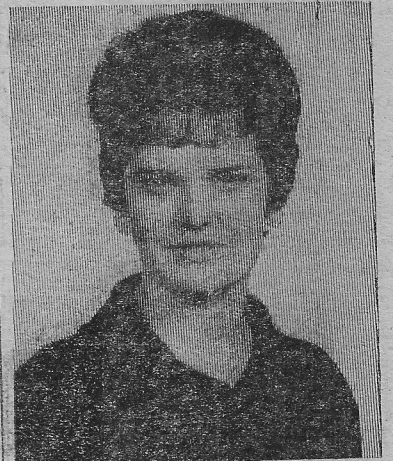

STELLAVILLE-CLOVELLY—Mrs.

Ruby Bauer was a guest on CHSA

TV on Friday afternoon of last week.

Mrs. Johnson of VSA Vermilion and staff took over the Women's World in the absence of Alma Andrews.

They touched on the advantages a student attending the VSA enjoys.

MISS JANET NECULA of Edmonton has recently returned from a seven week tour of 10 European countries. She was a member of the Percival Grand Tour of New York and had sailed to London on the 'Queen Elizabeth'. Janet is the daughter of Mr. and Mrs. John Necula of the Bonnyville district.

Russell Carroll Re-appointed Manager EAHL In Vermilion

BONNYVILLE — The Eastern Alberta Hockey League will be a five team loop this coming season as Lloydminster was re-instated at the annual meeting held last Sunday afternoon in Vermilion. The other four teams Vegreville, Bonnyville, St. Paul and Vermilion were all members of the EAHL last season. An application from the Edmonton Combines was turned down.

Russell Carroll, manager of the league for several years, was re-appointed for this position.

A 24 game schedule was adopted this year instead of the previous 18 games, with hockey nights being Wednesday, Fridays and Saturdays. Each team will pay a \$50 league fee.

Experienced officials, operating in Central Alberta and Western Canada Hockey Leagues, will be brought from Edmonton to referee games. Dutchy Van Deelan will be offered the contract to arrange for officials.

The EAHL will again affiliate with the Amateur Hockey Association; this body's regulations will eliminate practically all matters for dispute. Mr. Carroll was appointed to

attend the AAHA's annual meeting as representative of the EAHL.

At the end of the league play, the top four teams will enter into the playoffs, the top team meeting the fourth team and the second and third playing off in a three out of five series. Finals will be a four out of seven series.

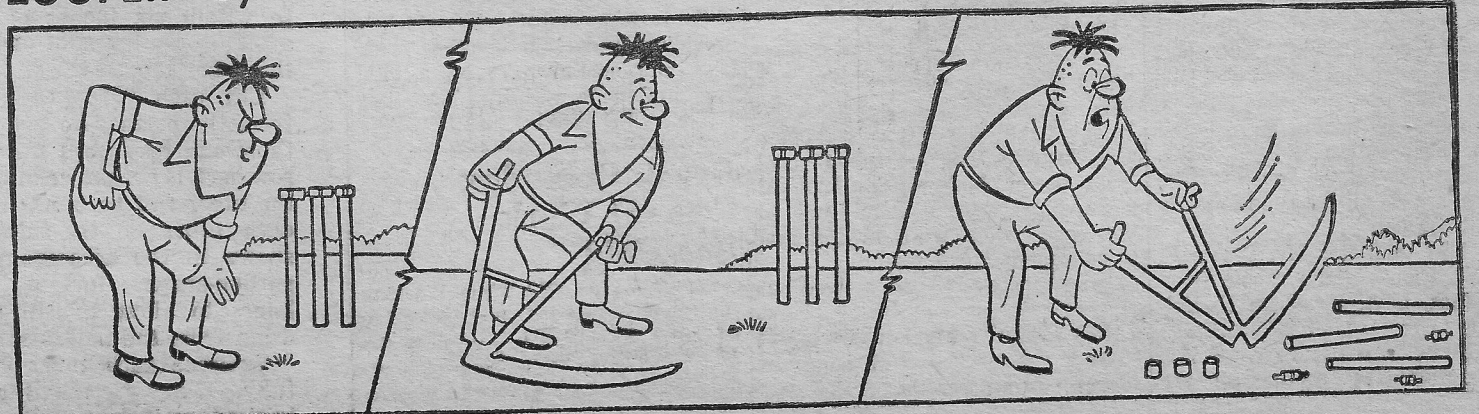

Teams will be allowed to register 18 players; this must be done by Jan. 5. To be eligible for playoffs, all players must have played at least three league games.

Joint Shower Held For Popular Couple

CHERRY GROVE — Miss Mable Skjersven and Joe Close were given a joint bridal shower in the Woodbine Hall on September 29. Ellen Hatch and Lavern Stonehocker were in charge of the games, which were much enjoyed by those present.

Grace Skjersven and Isobel Sommers assisted the young couple in opening and displaying their many gifts. The guests of honor thanked their friends with a few well chosen words. Lunch was served.

MATERIALS FOR COUNTER SURFACES

Most house today have built-in work surfaces in one or more rooms. Such surfaces include:

Kitchen counters—for the sink, mixing, cooking, baking and serving centres.

Bathroom, lavatory and vanity counters.

Built-in dressing tables, desks and chests.

Utility counters in workshops, playroom, laundry, and multi-purpose room.

The finishing material for a counter surface should be durable and easy to care for. Factors to be considered in selecting a material are its resistance to moisture, heat, sharp blows, knife cuts, scratching, staining and fading. The intended use of the counter will determine which of these factors are most important.

INLAID LINOLEUM

Provides a quiet work surface. Not easily damaged by dropped objects. While linoleum dents, it tends to recover due to its resiliency. Cut marks and scratches tend to heal to some extent. Linoleum shows stains (food, strong liquid detergent, bleach, medical supplies). Alkali makes linoleum porous and brittle so use a little detergent or soap as possible. Its limitations include: absorbs water, damaged by heat, easily scratched and fades in sunlight.

PLASTICS—LAMINATED THERMOSETTING

Made up of many layers of paper or cloth which are saturated with thermosetting plastics, heated under pressure, and bonded together into a single sheet. The top layer forms a hard, transparent, protective layer; the layer below it contains the decorative design and color. There are two types which are sold under many different trade names:

1. High Pressure Melamine Laminates: Manufactured in sheet form. Melamine provides a hard,

durable, smooth, easily cleaned work surface. Not noisy, wears well and is tough. Resists stains well and is resistant to abrasives. Absorbs very little moisture and is not affected by boiling water. Lighted cigarette will not burn or scar it. Strong sunlight causes only slight change in color. Its limitations include: cracks under heavy impact, breakable objects are apt to be damaged if dropped on it, and hard surface dulls knives. While it is heat resistant, it cannot be subjected to extreme heat.

2. Low Pressure Polyester Laminates: Instead of Melamine, the top layer is saturated with polyester. The material can be either flexible, in which case it is sold in roll form, or it can be made rigid, and thus, sold in sheets. To distinguish polyester rigid sheets from melamine, touch sample with lighted cigarette—polyester will show a burn scar while melamine will not.

CERAMIC TILE

Provides a durable smooth, hard surface. It is waterproof and is easily cleaned if joints are narrow. It is not affected by heat, sunlight or knife cuts. Glazed tiles resist nearly all stains.

Ceramic tile may crack or break if heavy objects are dropped on it. Its hard surface is noisy and tends to dull knives. Unglazed tile may be susceptible to some stains, particularly fat. The material used to fill the joints is porous and stains quite badly. Ceramic tile is also the most expensive.

Twin Spruce

Angeline Broda is attending a college in Edmonton. She was home last weekend. Raymond Mamchur was also home last weekend.

Visiting at the home of Mr. John Fedun were Mr. and Mrs. Steve Rutar and son Willie.

FLOWERS FOR EVERY OCCASION

Teachers, Parents Introduced At Home, School Assoc'n. Meet

SPRUCE VALLEY — A number of local parents attended the first of the season Home and School Association meeting held in the Grassland School on October 18.

The chairman, Orval Jenkins, got the meeting under way and asked all the teachers and parents to stand up and introduce themselves. He then introduced the new president, Richard Jenkins, who took over and carried on the rest of the meeting. As there was no secretary, Mrs. Verney acted in that capacity. Mrs. Roseanne Aleksuk was nominated and took over duties as secretary-treasurer.

Mr. Verney, the new principal, was called on and he gave a speech outlining all the new changes and explained the many new phases of education which are currently carried out at the school. He also spoke on the wonderful slate of teachers in charge and the only guidance counsellor in the whole County of Athabasca. He ended by saying that he hoped the parents would co-operate with the teachers and help make good future citizens of these students.

JOHN DEERE 14-T TWINE-TIE

It Has Proved Custom Capacity On Thousands of Farms

Owners have proved the John Deere 14-T Twine-Tie Baler's label—the family-sized baler with true custom capacity.

From the extra-wide, power-driven pickup . . . to the large floating auger . . . through the rugged bale case . . . back to the bale chute, the 14-T is specially designed with tremendous capacity to give you steadier, faster baling.

Equally important, the 14-T is economical, low in first cost . . . a real money saver on maintenance costs. The John Deere is light-running, requires only a two-plow tractor for outstanding work in most conditions. And it's rugged, with extra strength to take the punishment of daily baling in heavy going.

The 14-T's simple adjustments . . . slip clutch and shear pin protection . . . and easy servicing take the "chore" out of baling.

Stop in soon and get the complete facts on the John Deere 14-T Twine-Tie Baler.
